IDEAS FOR SUCCESSFUL HUGS DRIVES:

- Contests are a fun way to create a positive, competitive activity for a successful Hugs Drive. Some schools and Clubs or groups offer prizes to the winning team or group who collects the most hugs. Prizes such as pizza/ice cream parties can be very motivating!
- Engage students in creating art posters, or have a Loving Hugs art poster contest.
 - Display posters around the school or building to advertise the collection of hugs, and have prizes for the winning posters.
 - Engage local shops to display some of the best posters to engage the community in helping your group with your Hugs Drive.
- Be creative! Create your own fun, motivating, and educational Hugs Drive to help teach kids about other countries and cultures around the world; about sharing, compassion and helping children in need in other parts of our world. Make it fun and a Win-Win situation for all! Share your ideas with us- We'd love to hear about your Hugs Drive, and what made it successful and fun for you and your group!
